

## Surf Board Rentals

Want to learn how to surf? Don't want to deal with the hassle of lugging your board along on your vacation? Wren Beach Rentals wants you to catch a wave during your vacation. We are happy to offer surfboard rentals to all of our guests. Our 8 foot Wave Storm surfboards are great fun for surfers of all levels. The wide body and soft deck provide balance, stability, and safety. Surfers of all ages are sure to have a blast. The boards are very light and easy to carry to the beach. Once in the water, they are effortless to paddle in and out of the surf. Because the boards are extremely buoyant, it is a cinch to catch waves, even when they are very small. This makes learning to surf fun for the entire family.

Your surfboard will be waiting for you at the beach house when you arrive. When you are finished, simply leave it on the back deck and we'll take care of the rest.

We have a limited number of surfboards, so reserve yours early.

1 surfboard	\$100 /week
2 surfboards	\$165/week
3 surfboards	\$200/week
